BROWNE & MOORE

OUR STORY

Browne & Moore is an exclusive design house with the power to create unique lifestyle solutions for discerning luxury consumers. In an arena of mass produced luxury and hollow brand promises, the Browne & Moore brand delivers a breathtaking world of authentic creativity and unmatched style rooted in artisan, handcrafted traditions with an eye towards contemporary sophistication.

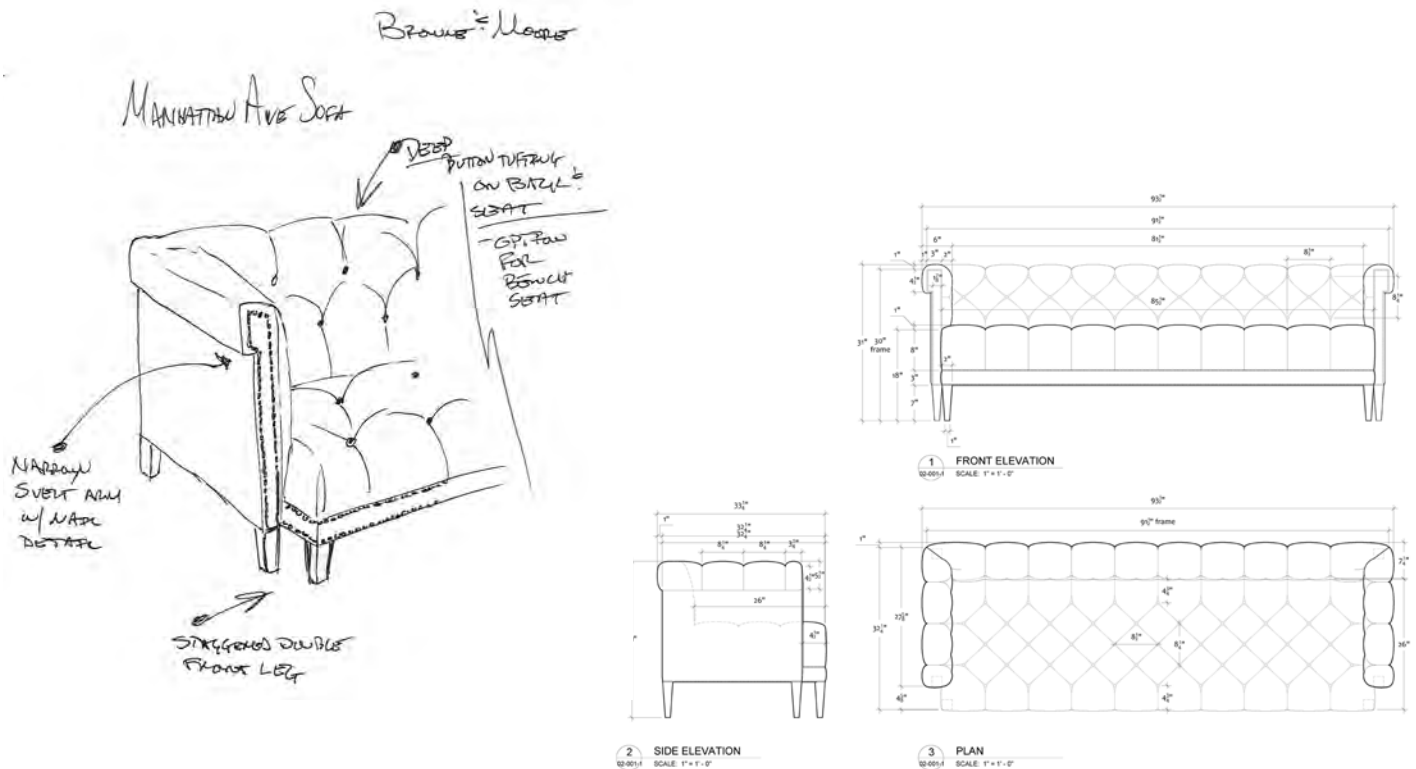

As luxury consumers continue to strive for the special and the unique where the mundane and expected are offered as the only option, Browne & Moore addresses the needs of the changing consumer marketplace by offering the product depth and quality of a heritage manufacturing company with the uniqueness and custom design capabilities of a boutique atelier.

BROWNE & MOORE

Manhattan Avenue Sofa

A truly magazine worthy piece, the hand-pulled deep tufting gives way to a sublimely comfortable seat married with refined frame details like the staggered double front foot or the hand-applied apron nail head details. Perfect for chic city living or country elegance, the Manhattan serves its owners equally well in residential, contract, and hospitality settings.

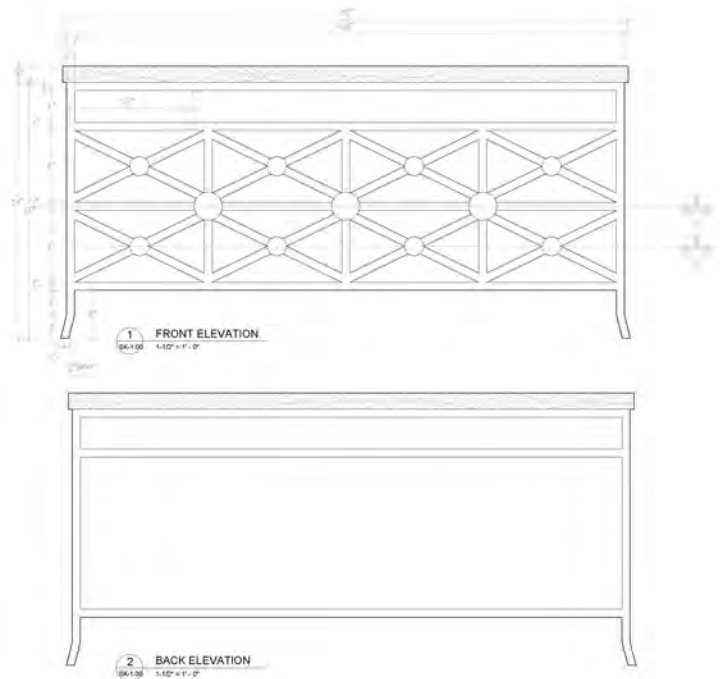

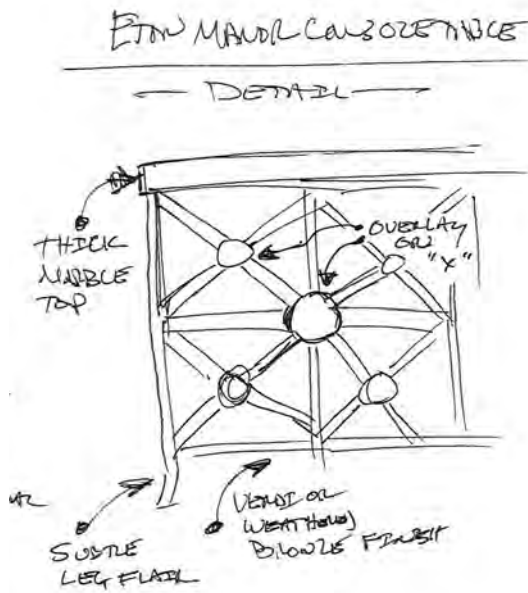

BROWNE & MOORE

Eton Manor Console Table

Artisan details refined for a display of sophisticated restraint, the Eton Manor Console marries metal and stone yielding a functional, yet visually stunning console with a universal, modern classic appeal.

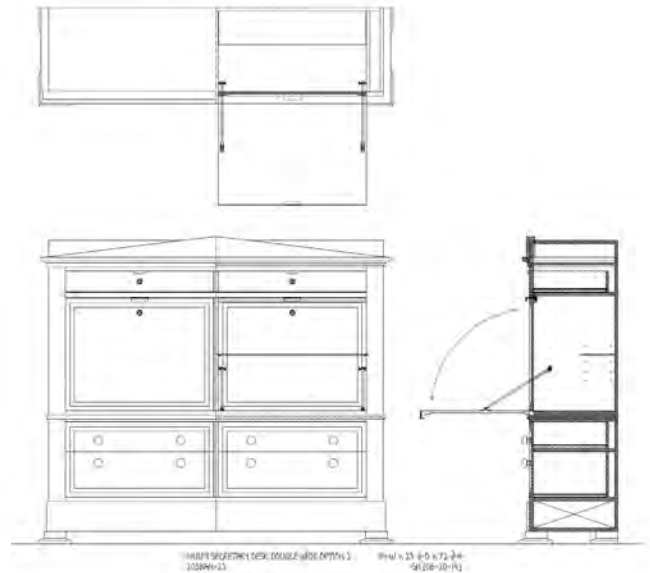

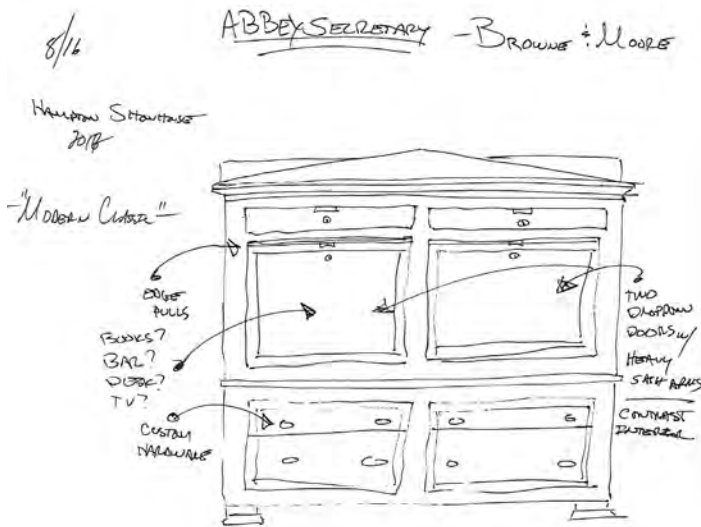

The aged patinas add an additional layer of refined thought to an already perfect piece.

Double Abbey Secretary

Born out of the need for a visually stunning and highly adaptable secretary, the Abbey is a desk, a bar, a media cabinet, a library, or a custom combination. You decide. Above all else, the Abbey, with its updated Biedermeier-inspired pediment and artisan hardware is a singular statement about the appreciation of refined sophistication and modern classic style.
